Clerk of the Board:

Please read this email into the meeting minutes…

I request that you do not promote or give the opinion that the "Twin Tunnels" i.e.. dual conveyance a preferred alternative at this time. Please do a comprehensive review and analysis required by the Delta Reform Act. also a cost benefit analysis before declaring the Tunnels or anything else to be the promoted opinion and the preferred alternative.
Please think and due your required investigation before you act on this critical issue.
This project has no Federal permits and no financial plan.

You need to do proper public vetting.

Thank you

PS as Sacramento River front property owners our investigations have led us to the conclusion that the Sacramento Delta will be destroyed by the Twin Tunnels.

The Delta needs more water not less.
