PLEASE WRITE COMMENT BELOW:
I have been reading through the Delta Plan. It is a surprisingly good read!

I have one question, though. In Chapter 1, page 13, line2-3: "Corrective actions - dredging and new levee construction - resulted in the loss of 90% of
the state's riparian habitat".

90% of the state's habitat, meaning inclusive of all the rivers the entire state? Or possibly should that be 90% within the Delta watershed?

Please clarify.

Thanks!

Chris Austin
