Subject: Upcoming Council Meeting – December 19, 2019

Chair
Susan Tatayon

Members
Frank C. Damrell, Jr.
Randy Fiorini
Michael Gatto
Maria Mehranian
Oscar Villegas
Ken Weinberg

Executive Officer
Jessica R. Pearson

As we wrap up a productive year for the Council, our last meeting of 2019 will take place at Park Tower, 980 9th Street, 2nd Floor, Sacramento, California. Traveling Councilmembers have the option for this meeting to join us remotely via teleconference. Please note that we will be starting at 12:30 p.m. and that an additional teleconference location is available (please refer to the meeting notice). Please eat lunch before the meeting, we will likely not take a break.

The end of the year is a great time to look back and review what the Delta Plan's performance measures can tell us about the Delta. At the meeting, Deputy Executive Officer for Planning Jeff Henderson and Program Manager II Martina Koller will provide a year-in-review of the Delta Plan's performance measures and use of the performance measure dashboard. This information provides key insights into the state of the Delta based on Delta Plan metrics. To complement this information, Caitlin Sweeney, Director for the San Francisco Estuary Partnership and Dr. Letitia Grenier, Resilient Landscapes Program Director for the San Francisco Estuary Institute, will provide an update on the 2019 State of the Estuary Report, which assesses indicators of estuary health across the Bay and Delta.

Lastly, staff from the Department of Water Resources Delta Conveyance Program will provide the Council with an update on the schedule for the release of environmental documents (i.e., Notice of Preparation) relating to water conveyance infrastructure in the Delta.

If I can answer any questions or provide any other information, please contact me at (916) 445-4500 or jessica.pearson@deltacouncil.ca.gov.

"Coequal goals" means the two goals of providing a more reliable water supply for California and protecting, restoring, and enhancing the Delta ecosystem. The coequal goals shall be achieved in a manner that protects and enhances the unique cultural, recreational, natural resource, and agricultural values of the Delta as an evolving place."

– CA Water Code §85054
