

## DELTA STEWARDSHIP COUNCIL ACTIVE PROJECTS LIST

*Updated January 6, 2021*

The tables below highlight a sample of active projects for Council member review. Active projects include both potential covered actions and related plans and projects. An explanation of Column 4, Status, is provided on page 6.

**Changes since December** are highlighted and denoted with an asterisk (\*). The Valley Rail Sacramento Extension Project, Burning Waters RV Park and Marina (21 Pierce Lane) Project, and San Joaquin County Development Title, Chapter 9-1080 Agricultural Mitigation Project were removed from the list.

### STATE PROJECTS

Name	Location (County)	Proponent	Status	California Environmental Quality Act (CEQA) Status	Description
Delta Conveyance	Delta-wide	Department of Water Resources (DWR)	Early Consultation; Comment Letter	Notice of Preparation (NOP)	A facility to convey water from the Sacramento River in the north Delta directly to the existing State Water Project (SWP) and Central Valley Project (CVP) pumping plants in the south Delta
Prospect Island Restoration Project (EcoRestore)	Solano	DWR	Early Consultation	Notice of Determination (NOD)	Large-scale tidal marsh restoration project in Cache Slough
SWP Water Management Tools/Contract Amendments	Statewide	DWR	Comment Letter	NOD	Negotiations of terms outlined in the Agreement in Principle.

Name	Location (County)	Proponent	Status	California Environmental Quality Act (CEQA) Status	Description
Lookout Slough Restoration Project (EcoRestore)	Solano	DWR	Early Consultation, Comment Letter	NOD	Large-scale tidal marsh restoration project in Cache Slough
American River Common Features (ARCF): Sacramento River East Levee Contract 2	Sacramento	DWR, Sacramento Area Flood Control Agency (SAFCA)	Certified without appeal	NOD	Levee improvement project along the east bank of the Sacramento River
ARCF: Sacramento River Mile 55.2 Left Bank	Sacramento	DWR, SAFCA	Anticipating Certification*	NOD*	Levee improvement project along the east bank of the Sacramento River
Franks Tract Futures 2020 Reimagined	Contra Costa	California Department of Fish and Wildlife (CDFW)	Comment Letter	Not Initiated	Explore options for improving ecosystem, water quality, recreation, and community benefits at Franks Tract

Mossdale Tract Area Urban Flood Risk Reduction Study	San Joaquin	San Joaquin Area Flood Control Agency	Early Consultation	Not Initiated	Identify a plan to achieve an urban level of flood protection for the Mossdale Tract (Reclamation District No. 17)

Name	Location (County)	Proponent	Status	CEQA Status	Description
Metropolitan Water District Climate Action Plan	Contra Costa, San Joaquin	Metropolitan Water District of Southern California	Monitoring	NOP	A strategy for reducing greenhouse gas emissions associated with future construction, operation, and maintenance activities
Delta Cross Channel Gate Upgrades Project	Sacramento	Reclamation	Monitoring	Not Initiated	Provide for remote and more frequent operation, to manage water quality in the Central Delta and at the SWP and CVP pumping plants
Yolo Bypass East Levee Project*	Yolo County*	USACE and West Sacramento Area Flood Control Agency (WSAFCA)*	Early Consultation*	FONSI/MND*	Improvements to portions of the east bank of the Yolo Bypass levee from the Sacramento Bypass south to the Deep Water Ship Channel West Levee.*

## STATUS TYPES

Active projects include both potential covered actions and related plans and projects of interest. The active project “Status” reported above is not sequential but tends to align with certain phases of the CEQA process. The relationship between generalized steps in the CEQA process (top row) and generalized status types (bottom row) is illustrated in **Figure 1**. Each status type is described in more detail, below.

**Figure 1. Typical Project Sequence**

**Coordinating:** Occasionally, the Council will coordinate with state and local agencies prior to the initiation of the CEQA process in order to track and/or inform project formulation. Coordination may include informal discussions or attendance at project planning meetings.

**Comment letter:** Council staff prepare comment letters in response to each phase of the CEQA process leading up to a final document (e.g., Notice of Preparation [NOP], IS/ND, IS/MND, DEIR). The Council may also comment on other interim studies and reports, as needed. The Council comments on potential covered actions as well as on long range plans identified in the Delta Reform Act (Wat. Code section 85212) and projects located outside of the Delta that will have a significant impact on the Delta (Wat. Code section 85210[j]).

**Early consultation:** The Delta Reform Act directs the Council to offer early consultation to assist state and local public agencies in preparing certifications of consistency (Wat. Code section 85225.5). The timing and frequency of early consultation is at the discretion of the project proponent.

**Anticipating certification:** Council staff anticipate a certification of consistency once a notice of determination (NOD) has been issued. Proponents of covered actions must file a certification of consistency prior to project implementation (Wat. Code section 85225). The timeframe between NOD and implementation varies.
