building
and
Gathering**

**Delta Plan
Restoration Goals**

**Delta Crosscut
Budget Report**

Relationship-building and Gathering

DPIIC meetings

Site visits

DPIIC Restoration Subcommittee

Subcommittee meetings

Restoration forums

Workplan implementation

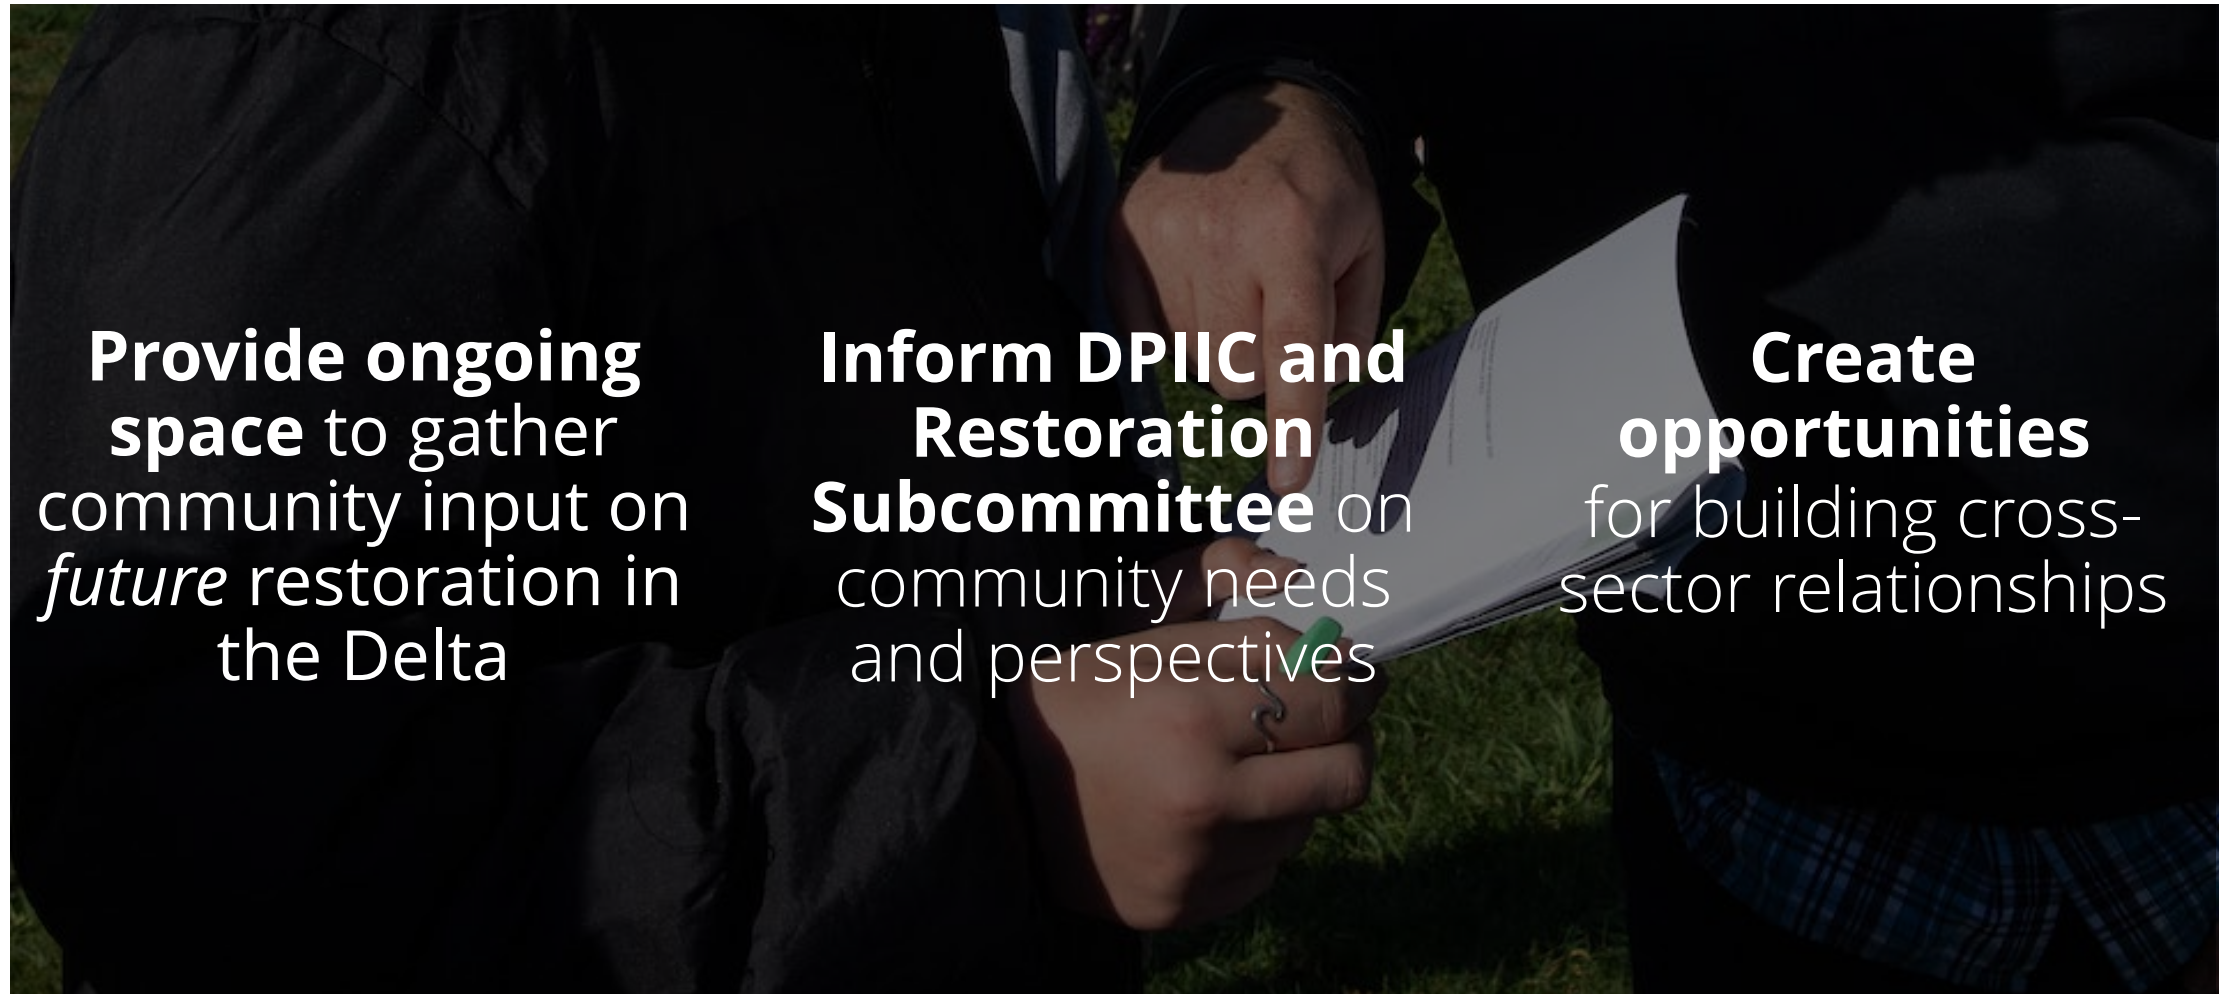

Restoration Subcommittee Goals & Workplan

1. Provide forums for community participation
2. Increase interagency collaboration
3. Identify opportunities in planning and long-term management
4. Increase transparency and coordination around funding

Supported by 14 objectives and 28 action items

Delta Restoration Forum: February 8, 2023, from 3-6 PM

Provide ongoing space to gather community input on *future* restoration in the Delta

Inform DPIIC and Restoration Subcommittee on community needs and perspectives

Create opportunities for building cross-sector relationships

Delta Restoration Forum

Participation

146 attendees

97 virtual

49 in person

Some Key Takeaways

1. Outreach, engagement, and public education
2. Funding challenges
3. Recreational opportunities
4. Balancing short- and long-term goals
5. Multi-benefit projects

EXTRA SLIDES

The Future of Restoration in the Delta

- At least 70% of restoration acreage recommended in the Delta Plan has yet to be planned
- We increase our chances of success by drawing on our collective knowledge

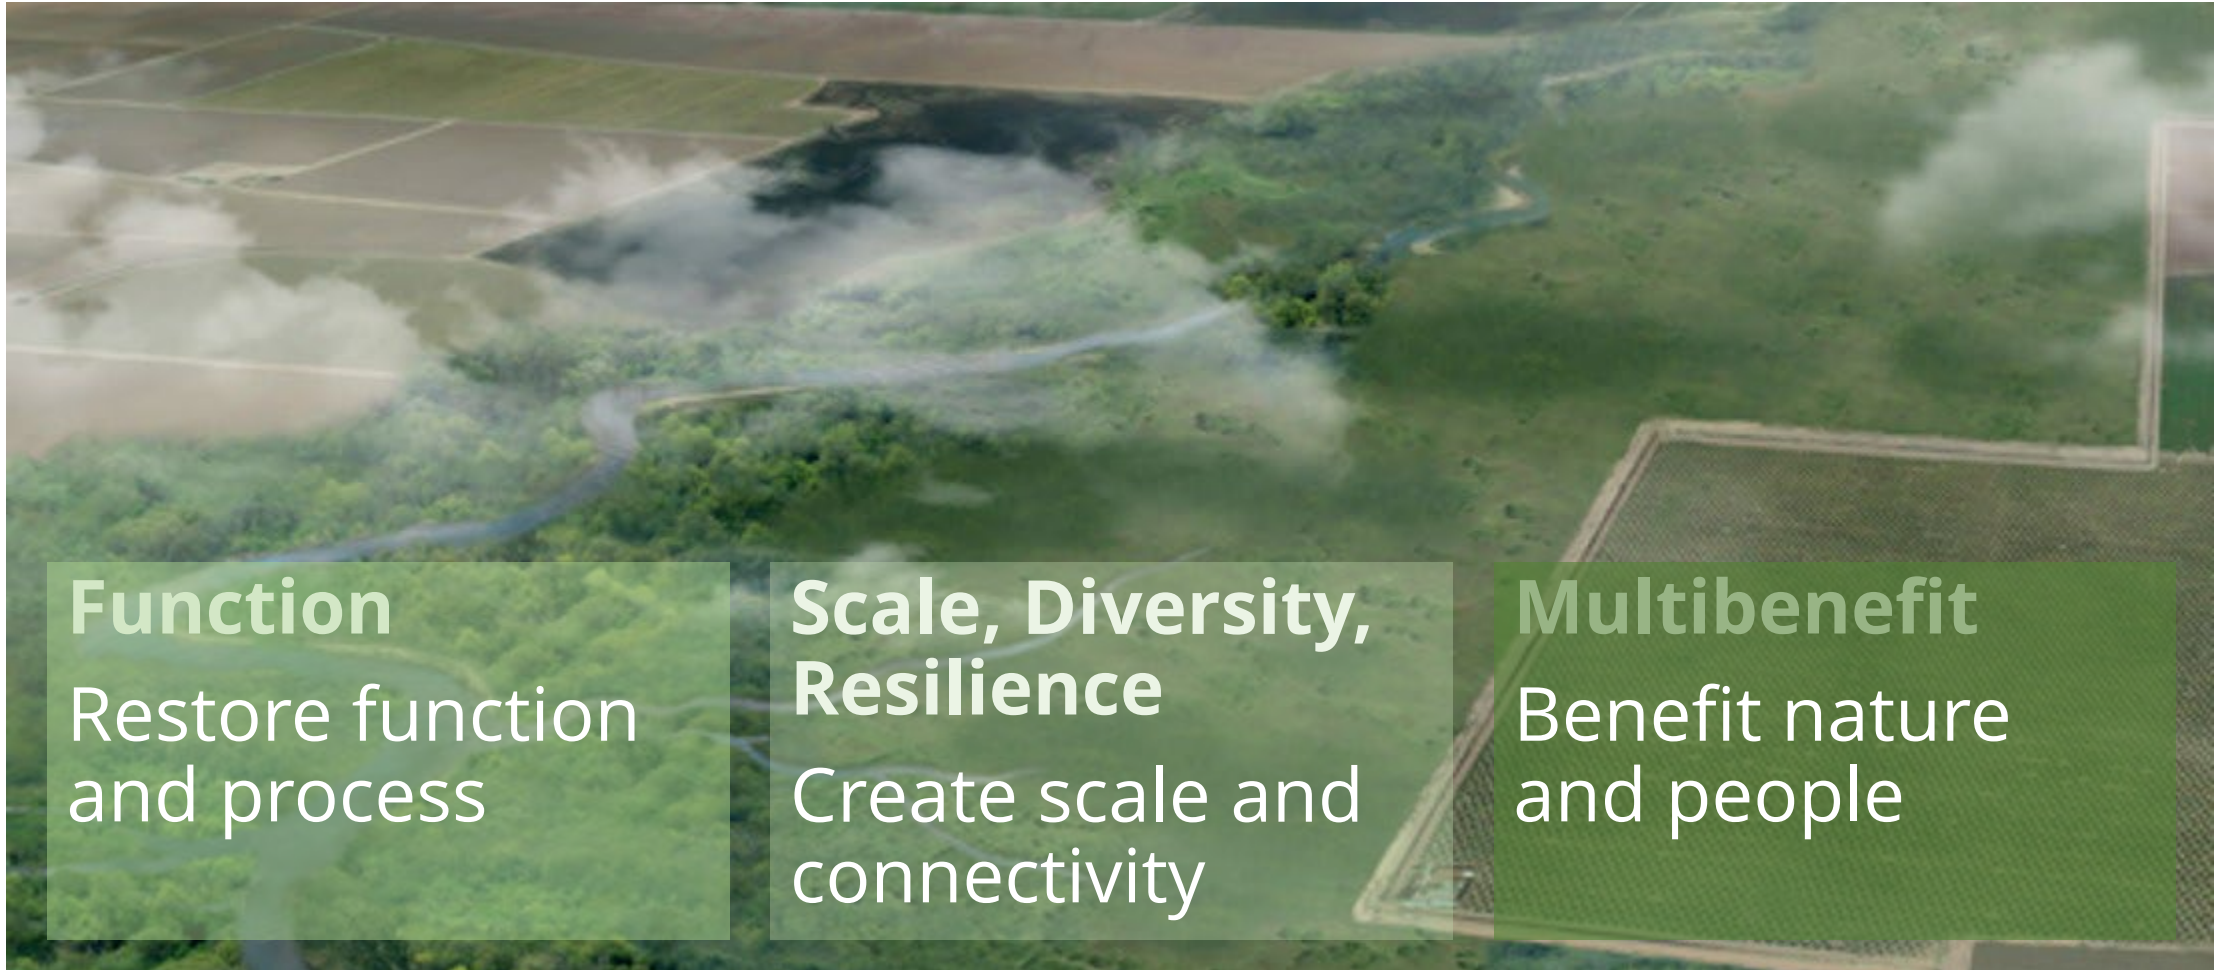

GOAL: 60-80,000 acres of restoration by 2050 (2007 baseline)

Consistent with State-wide goals for biodiversity like CNRA 30x30 Initiative

Delta Plan Chapter 4: Guidance and Vision for Restoration

Function

Restore function and process

Scale, Diversity, Resilience

Create scale and connectivity

Multibenefit

Benefit nature and people
