

The Delta Stewardship Council and California Sea Grant Present

Brown Bag Webinar Series:

Social Science for the Sacramento-San Joaquin Delta

This series of public webinars on the human dimensions of California water and environmental management and policy issues is part of the hiring process for a CA Sea Grant Extension Specialist based at the Council. This position will contribute to advancing collaborative partnerships and catalyzing social science research to inform management of the Delta region. The webinars can be accessed via Zoom links at the given time.

Joshua Cousins, Ph.D.
Assistant Professor
