Our top tweet this month promoted our California Sea Grant Social Science Extension Specialist Dr. Jessica Rudnick's new blog: Understanding People in the Face of Rapid Environmental Change. This tweet tagged CA Sea Grant and Dr. Rudnick, used two topical hashtags, and linked to the blog. Combined, these elements resulted in increased engagement and encouraged immediate readership of the blog. Additionally, the communications team promoted this tweet among internal staff and external partners to boost engagement.

FEATURED CONTENT

Our top post this month was a Science Friday feature on the Intergovernmental Panel on Climate Change's Sixth

Assessment Report. This post broke down who the IPCC is and what they do, discussed findings of the Assessment, and drew a connection between the findings and the possible impacts on the Sacramento-San Joaquin Delta.

Our top post this month reminded our Instagram audience that Delta Lead Scientist Dr. Laurel Larsen would be going

on Instagram live noon to discuss independent scientific peer review with Dylan Stern (Delta Science Program) and Lauren Smitherman (Central Valley Regional Water Quality Control Board). The recording is available on the Council's IGTV and has been streamed 74 times.
