

## Administrative Performance Measures by Status and Chapter

Status	Chapter	Policy or Recommendation	Description	Due Date
<b>Completed (16)</b>				
Completed	2	DP R01-01	The Delta Science Program develops a Delta Science Plan including responding to Delta Independent Science Board review and comments by December 31, 2013.	12/31/2013
Completed	2	None	Establishment of the Delta Plan Interagency Implementation Committee by October 2013.	10/31/2013
Completed	2	None	Completion of Report on Revisions to Delta Plan Performance Measures by December 31, 2014.	12/31/2014
Completed	3	WR R09-01	California Department of Water Resources' update of Bulletin 118 information (using field data, California Statewide Groundwater Elevation Monitoring Program, and best available science) and identification of the State's groundwater basins that are in a critical condition of overdraft by December 31, 2014.	12/31/2014
Completed	3	WR R11-02	SWRCB report to Council on proposed action to address groundwater basins in critical overdraft.	None
Completed	3	WR R13-01	California Department of Water Resources completes surface water storage studies by December 31, 2012, with recommendations for projects to be implemented.	12/31/2012

Status	Chapter	Policy or Recommendation	Description	Due Date
Completed	3	WR R14-01	California Department of Water Resources has completed a survey of past grant applicants to identify projects that may be implemented within the next 5 to 10 years to expand existing surface and groundwater storage facilities, create new storage, improve Delta conveyance facilities, and improve opportunities for water transfers by December 31, 2012.	12/31/2012
Completed	4	ER R07-01	The California Department of Fish and Wildlife and other appropriate agencies prioritize the list of "Stage 2 Actions for Nonnative Invasive Species."	None
Completed	5	DP R01-01	Delta Protection Commission completes application for designation of the Sacramento-San Joaquin Delta and Suisun Marsh as a National Heritage Area.	1/1/2014
Completed	6	WQ R04-01	Central Valley Regional Water Quality Control Board completes the Central Valley Drinking Water Policy by July 2013.	7/31/2013
Completed	6	WQ R08-04	Total Maximum Daily Loads and Basin Plan Amendments for diazinon and chlorpyrifos are completed by January 1, 2013.	1/1/2013
Completed	6	WQ R08-05	The Central Valley Pesticide Total Maximum Daily Load is completed by January 1, 2016.	1/1/2016

Status	Chapter	Policy or Recommendation	Description	Due Date
Completed	6	WQ R08-06	The State Water Resources Control Board and Regional Water Quality Control Boards complete Total Maximum Daily Loads and Basin Plan Amendments for methyl mercury.	None
Completed	6	WQ R09-01	A Sacramento-San Joaquin Delta regional water quality monitoring program is developed.	None
Completed	6	WQ R12-01	The State Water Resources Control Board and the San Francisco Bay Regional Water Quality Control Board complete the Total Maximum Daily Load and Basin Plan Amendment for dissolved oxygen in Suisun Marsh wetlands by January 1, 2014.	1/1/2014
Completed	7	RR R01-02	The California Department of Water Resources evaluates the potential of creating stored material sites by “over-reinforcing” west Sacramento-San Joaquin Delta levees by January 1, 2014.	1/1/2014
<b>Active (78)</b>				
Active	2	None	The initial Delta Plan and all future revisions and amendments to the Delta Plan by the Delta Stewardship Council are consistent with an adaptive management approach and are informed by the best available science, where applicable.	N/A
Active	3	WR P1-01	Identify number of water suppliers that have undertaken covered actions that have:  (1) completed a current urban or agricultural water management plan that	1/1/2015

Status	Chapter	Policy or Recommendation	Description	Due Date
			<p>has been reviewed by California Department of Water Resources for compliance with applicable legal requirements,</p> <p>(2) commenced implementation of identified measures that will reduce reliance on the Sacramento-San Joaquin Delta, and</p> <p>(3) starting in 2015, reported on the expected outcome for measureable reductions in reliance on the Sacramento-San Joaquin Delta and improvement in regional self-reliance as the reduction in the amount of water used, or the percentage of water used, from the Sacramento-San Joaquin Delta watershed.</p>	
Active	3	WR P2-01	California Department of Water Resources and Bureau of Reclamation contracting processes have been implemented consistent with applicable policies.	None
Active	3	WR R01-01	Identify number of urban and agricultural water suppliers that certify they have adopted and are implementing supply planning, conservation, and efficiency measures required by State law by 2015, meeting the standards and deadlines established by code.	12/31/2015
Active	3	WR R03-01	The State Water Resources Control Board adopts a policy that requires evaluation of new water rights or a new or changed point of diversion, place of use, or purpose that result in a new or increased long-term average use of water from the Sacramento-San Joaquin Delta watershed for consistency with reasonable and beneficial use, and Water Code sections 85021, 85023, and 85031, and other provisions of California law.	None

Status	Chapter	Policy or Recommendation	Description	Due Date
Active	3	WR R05-01	California Department of Water Resources has developed and published guidelines for the preparation of an expanded Water Supply Reliability Element by December 31, 2014.	12/31/2014
Active	3	WR R10-01	Number of water suppliers in areas that receive water from the Sacramento-San Joaquin Delta watershed that have developed groundwater management plans that are consistent with the required and recommended components of groundwater management plans listed in California Department of Water Resources Bulletin 118-03 by 2014.	12/31/2014
Active	3	WR R11-01	Identify number of groundwater basins identified by California Department of Water Resources as being in a critical condition of overdraft that have groundwater management plans consistent with the required and recommended components of groundwater management plans listed in the California Department of Water Resources Bulletin 118-03 by 2014.	12/31/2014
Active	3	WR R12-01	The Bay Delta Conservation Plan is completed, and California Department of Water Resources and Bureau of Reclamation have received required take permits by December 31, 2014.	12/31/2014
Active	3	WR R14-02	California Water Commission holds hearings and provides recommendation on priority projects by December 31, 2013.	12/31/2013
Active	3	WR R15-01	California Department of Water Resources and the State Water Resources Control Board, in collaboration with the Delta Stewardship Council, have established an advisory group and recommended measures to reduce procedural and administrative impediments to water transfers by	12/31/2016

Status	Chapter	Policy or Recommendation	Description	Due Date
			December 31, 2016.	
Active	3	WR R16-01	The State Water Resources Control Board has modified its supplemental water diversion and use or progress reports to require additional information on water efficiency, water supply projects, and net (consumptive) use.	None
Active	3	WR R18-01	California Department of Water Resources has modified the California Water Plan update to include specified categories of information to be tracked.	None
Active	3	WR R18-02	Development of appropriate performance measures will be done by the Delta Stewardship Council in consultation with the agencies. These performance measures will be rolled into the California Water Plan Update.	None
Active	3	WR R19-01	California Department of Water Resources has prepared an assessment of the State's water infrastructure.	None
Active	4	ER P01-01	Prior to the establishment of revised flow objectives, 100 percent of proposed actions that could significantly affect flow in the Sacramento-San Joaquin Delta are consistent with the existing Bay Delta Water Quality Control Plan objectives.	Ongoing

Status	Chapter	Policy or Recommendation	Description	Due Date
Active	4	ER P02-01	100 percent of proposed actions that include habitat restoration in the Sacramento-San Joaquin Delta meet one of the following standards: (1) are consistent with the text of Appendix 3 (see Appendix B of the Delta Plan), based on the Conservation Strategy for Restoration of the Sacramento-San Joaquin Delta Ecological Management Zone and the Sacramento and San Joaquin Valley Regions; or (2) are not consistent with the elevation map (see Figure 4-6 of the Delta Plan), but the deviation is supported by a rationale based on best available science.	Ongoing
Active	4	ER P03-01	100 percent of all proposed actions other than habitat restoration have clearly demonstrated that significant adverse impacts to the opportunity for habitat restoration as described in ER P2 were avoided or mitigated.	Ongoing
Active	4	ER P04-01	100 percent of proposed actions to construct new levees or substantially rehabilitate or reconstruct existing levees in the opportunity areas defined in Appendix 8 (see Appendix B of the Delta Plan) demonstrate that they have evaluated alternatives (including use of setback levees), and where feasible, have incorporated such alternatives into levees projects to increase the extent of floodplain and riparian habitat.	Ongoing
Active	4	ER P05-01	100 percent of all proposed actions that have the reasonable probability of introducing, or improving the habitat conditions for, nonnative invasive species have demonstrated that the potential for new introductions of and/or improved habitat conditions for nonnative invasive species have been fully considered and avoided or mitigated in a way that appropriately protects the ecosystem.	Ongoing

Status	Chapter	Policy or Recommendation	Description	Due Date
Active	4	ER R01-01	The State Water Resources Control Board adopts Sacramento-San Joaquin Delta flow objectives that are necessary to achieve the coequal goals by June 2, 2014.	6/2/2014
Active	4	ER R01-02	The State Water Resources Control Board adopts flow objectives that are necessary to achieve the coequal goals for the major tributary rivers to the Sacramento-San Joaquin Delta by June 2, 2018.	6/2/2018
Active	4	ER R02-01	Bay Delta Conservation Plan implementers, California Department of Fish and Wildlife, California Department of Water Resources, and/or the Sacramento-San Joaquin Delta Conservancy identify number of projects and amount of funding for priority habitat restoration projects.	12/31/2015
Active	4	ER R02-02	The preponderance of proposed habitat restoration projects is within the six priority areas and considers landscape elements and improvement in water quality.	Ongoing
Active	4	ER R03-01	The Sacramento-San Joaquin Delta Conservancy develops and adopts criteria for prioritization and integration of large-scale ecosystem restoration in the Sacramento-San Joaquin Delta and Suisun Marsh, with sustainability and use of best available science as foundational principles.	None
Active	4	ER R03-02	The Sacramento-San Joaquin Delta Conservancy develops and adopts processes for ownership and long-term operations and management of land in the Sacramento-San Joaquin Delta and Suisun Marsh acquired for conservation or restoration.	None

Status	Chapter	Policy or Recommendation	Description	Due Date
Active	4	ER R03-04	The Sacramento-San Joaquin Delta Conservancy develops a plan and protocol for acquiring the land necessary to achieve ecosystem restoration consistent with the coequal goals and the Ecosystem Restoration Program's Delta Conservation Strategy.	None
Active	4	ER R03-05	The Sacramento-San Joaquin Delta Conservancy leads an effort to investigate how to better use habitat credit agreements.	None
Active	4	ER R03-06	The Sacramento-San Joaquin Delta Conservancy, in conjunction with California Department of Fish and Wildlife and U.S. Fish and Wildlife Service, develop rules for voluntary Safe Harbor Agreements with property owners in the Sacramento-San Joaquin Delta.	None
Active	4	ER R04-01	The U.S. Army Corps of Engineers develops an agreed-upon variance process to exempt Delta levees from the U.S. Army Corps of Engineers' levee vegetation policy where appropriate.	None
Active	4	ER R05-03	The San Francisco Bay Conservation and Development Commission submits amendments of components of the Suisun Marsh Local Protection Program to the Delta Stewardship Council for review for consistency.	None
Active	4	ER R06-01	The California Department of Fish and Wildlife develops for consideration by the Fish and Game Commission proposals for new or revised fishing regulations designed to increase populations of listed fish species through reduced predation by introduced sport fish.	None

Status	Chapter	Policy or Recommendation	Description	Due Date
Active	4	ER R08-01	Hatcheries develop scientifically sound hatchery and genetic management plans.	None
Active	4	ER R08-02	The California Department of Fish and Wildlife provides annual updates to the Delta Stewardship Council on the status of hatchery and genetic management plans within its jurisdiction.	None
Active	4	ER R09-01	The California Department of Fish and Wildlife, in cooperation with the U.S. Fish and Wildlife Service and the National Marine Fisheries Service, revises and begins implementing its program for marking and tagging hatchery salmon and steelhead to improve management of hatchery and wild stocks by December 2014.	12/31/2014
Active	5	DP P01-01	100 percent of proposed actions for urban development meet one of the following standards: (1) are located within areas that current city or county general plans, as of the date of the Delta Plan's adoption, designate for development in cities or their spheres of influence; areas within Contra Costa County's 2006 voter-approved urban limit line, except Bethel Island; areas within the Mountain House General Plan Community Boundary in San Joaquin County; or the unincorporated Delta towns of Clarksburg, Courtland, Hood, Locke, Ryde, and Walnut Grove; (2) if located on Bethel Island, are consistent with the Contra Costa County general plan effective as of the date of the Delta Plan's adoption; or (3) if located outside the areas described above, are consistent with the land uses designated in county general plans as of the date of the Delta Plan's adoption and are otherwise consistent with Delta Plan policies.	Ongoing

Status	Chapter	Policy or Recommendation	Description	Due Date
Active	5	DP P02-01	Water management facilities, ecosystem restoration, and flood management infrastructure are sited to avoid or reduce conflicts with existing or planned uses when feasible, considering comments from local agencies and the Delta Protection Commission. Plans for ecosystem restoration consider sites on existing public lands, when feasible and consistent with a project's purpose, before privately owned sites are purchased.	None
Active	5	DP R03-01	Local governments prepare plans for each community that emphasize its distinctive character, encourage historic preservation, identify opportunities to encourage tourism, serve surrounding lands, or develop other appropriate uses, and reduce flood risks.	None
Active	5	DP R04-01	Agencies acquiring land for water management facilities, ecosystem restoration, and flood management infrastructure purchase from willing sellers, when feasible, including consideration of whether lands suitable for proposed projects are available at fair prices.	None
Active	5	DP R05-01	The California Department of Transportation, local agencies, and utilities develop plans for infrastructure, such as roads and highways, to meet needs of development consistent with sustainable community strategies, local plans, Delta Protection Commission's Land Use and Resource Management Plan, and the Delta Plan.	None
Active	5	DP R06-01	As part of the prioritization of State levee investments called for in RR P4, the Delta Stewardship Council consults with the California Department of Transportation as provided in Water Code section 85307(c) to consider the effects of flood hazards and sea level rise on State highways in the Sacramento-San Joaquin Delta.	None

Status	Chapter	Policy or Recommendation	Description	Due Date
Active	5	DP R07-01	The Delta Stewardship Council, in conjunction with the California Air Resources Board and the Sacramento-San Joaquin Delta Conservancy, investigates the opportunity for the development of a carbon market whereby Sacramento-San Joaquin Delta farmers could receive credit for growing native marsh and wetland plants.	1/1/2017
Active	5	DP R07-02	California Department of Water Resources has developed a plan, including funding needs, for increasing the extent of their subsidence reversal and carbon sequestration projects to 5,000 acres by January 1, 2017.	1/1/2017
Active	5	DP R07-03	100 percent of State agencies have not renewed or entered into agricultural leases on Sacramento-San Joaquin Delta or Suisun Marsh islands if the actions of the lessee promote or contribute to subsidence on the leased land, unless the lessee participates in subsidence reversal or reduction programs.	None
Active	5	DP R08-01	Local governments and economic development organizations take steps to encourage value-added processing of Sacramento-San Joaquin Delta crops in appropriate locations.	None
Active	5	DP R09-01	Local governments and economic development organizations take steps to support growth in agri-tourism, particularly in and around legacy communities.	None
Active	5	DP R10-01	The California Department of Fish and Wildlife, the Sacramento-San Joaquin Delta Conservancy, and ecosystem restoration agencies take steps to encourage habitat enhancement and wildlife-friendly farming systems on	None

Status	Chapter	Policy or Recommendation	Description	Due Date
			agricultural lands to benefit both the environment and agriculture.	
Active	5	DP R11-01	Water management and ecosystem restoration agencies provide recreation opportunities, including visitor-serving business opportunities, at new facilities and habitat areas whenever feasible, and protect existing recreation facilities using California State Parks' Recreation Proposal for the Sacramento-San Joaquin Delta and Suisun Marsh and Delta Protection Commission's Economic Sustainability Plan as guides.	None
Active	5	DP R12-01	The Delta Protection Commission and Sacramento-San Joaquin Delta Conservancy take steps to encourage partnerships between other State and local agencies, and local landowners and business people to expand recreation, including boating, promote tourism, and minimize adverse impacts to non-recreational landowners.	None
Active	5	DP R14-01	The California Department of Fish and Wildlife, in cooperation with other public agencies, should collaborate with nonprofits, private landowners, and business partners to expand wildlife viewing, angling, and hunting opportunities.	None
Active	5	DP R15-01	The California Department of Boating and Waterways coordinates with the U.S. Coast Guard and State and local agencies on an updated marine patrol strategy for the region	None

Status	Chapter	Policy or Recommendation	Description	Due Date
Active	5	DP R16-01	Public agencies owning land increase opportunities, where feasible, for bank fishing, hunting, levee-top trails, and environmental education.	None
Active	5	DP R17-01	Cities, counties, and other local and State agencies work together to protect and enhance visitor-serving businesses by planning for recreation uses and facilities in the Sacramento-San Joaquin Delta, providing infrastructure to support recreation and tourism, and identifying settings for private visitor-serving development and services.	None
Active	5	DP R18-01	The ports of Stockton and West Sacramento encourage maintenance, and carefully designed and sited development of port facilities.	None
Active	5	DP R19-01	The California Energy Commission and California Public Utilities Commission cooperate with the Delta Stewardship Council as described in Water Code section 85307(d) and identify actions that should be incorporated in the Delta Plan to address the needs of Sacramento-San Joaquin Delta energy development, storage, and distribution by 2017.	12/31/2017
Active	6	WQ R02-01	100 percent of covered actions that affect water quality in the Sacramento-San Joaquin Delta identify any significant negative water quality impacts.	Ongoing
Active	6	WQ R03-01	The State Water Resources Control Board and Regional Water Quality Control Boards evaluate and include appropriate protections in any applicable water quality control plan.	None

Status	Chapter	Policy or Recommendation	Description	Due Date
Active	6	WQ R05-01	The California Department of Water Resources completes the North Bay Aqueduct Alternate Intake Project Environmental Impact Report by July 1, 2012.	7/1/2012
Active	6	WQ R06-01	The State Water Resources Control Board completes development of a Strategic work plan for protection of groundwater beneficial uses by December 31, 2012.	12/31/2012
Active	6	WQ R07-01	The Central Valley Regional Water Quality Control Board and State Water Resources Control Board adopt policies and regulations necessary to require all relevant water users that are supplied water from the Sacramento-San Joaquin Delta or the Sacramento-San Joaquin Delta watershed or discharge wastewater to the Sacramento-San Joaquin Delta or the Sacramento-San Joaquin Delta watershed to participate in Central Valley Salinity Alternatives for Long-Term Sustainability Program (CV-SALTS).	None
Active	6	WQ R08-01	The State Water Resources Control Board develops a proposed policy for nutrients for inland surface waters of the state by January 1, 2014.	1/1/2014
Active	6	WQ R08-02	The State Water Resources Control Board and Regional Water Quality Control Boards begin implementation of a study plan for the development of objectives for nutrients in the Sacramento-San Joaquin Delta and Suisun Marsh by January 1, 2013, and complete studies by January 1, 2016.	1/1/2016

Status	Chapter	Policy or Recommendation	Description	Due Date
Active	6	WQ R08-03	The State Water Resources Control Board and Regional Water Quality Control Boards adopt objectives for nutrients in the Sacramento-San Joaquin Delta by January 1, 2018.	1/1/2018
Active	6	WQ R08-07	The Central Valley Regional Water Quality Control Board review the methyl mercury control studies by December 31, 2018, and determine control measures for implementation starting in 2020.	12/31/2018, and determine control measures for implementation starting 12/31/2020
Active	6	WQ R10-01	The Central Valley Regional Water Quality Control Board requires responsible entities that discharge wastewater treatment plant effluent or urban runoff to Sacramento-San Joaquin Delta waters to evaluate whether all or a portion of the discharge can be recycled, otherwise used, or treated in order to reduce contaminant loads to the Sacramento-San Joaquin Delta by January 1, 2014.	1/1/2014
Active	6	WQ R11-01	The State Water Resources Control Board and the Central Valley Regional Water Quality Control Board complete the Phase 2 control plan for the Total Maximum Daily Load and Basin Plan Amendment for dissolved oxygen in the Stockton Deep Water Ship Channel by January 1, 2015.	1/1/2015
Active	7	RR P01-01	The Delta Stewardship Council facilitates development of funding priorities for State investments in Sacramento-San Joaquin Delta levees by January 1, 2015.	1/1/2015

Status	Chapter	Policy or Recommendation	Description	Due Date
Active	7	RR P02-01	100 percent of covered actions that involve new residential developments of five or more parcels provide a minimum 200-year level of flood protection when the new developments are located outside specified areas described in the Delta Plan.	Ongoing
Active	7	RR P03-01	100 percent of covered actions that encroach upon a floodway do not significantly impede the free flow of water or jeopardize public safety.	Ongoing
Active	7	RR P04-01	100 percent of covered actions that encroach upon a floodplain do not significantly affect floodplain values and functions, per stated requirements.	Ongoing
Active	7	RR R01-01	Responsible local, State, and federal agencies with emergency response authority consider the recommendations of the Delta Multi-Hazard Coordination Task Force (Water Code section 12994.5) by January 1, 2014.	1/1/2014
Active	7	RR R01-03	Local levee maintaining agencies consider developing their own emergency action plans, and stockpiling rock and flood-fighting materials by January 1, 2014.	1/1/2014
Active	7	RR R01-04	State and local agencies, and regulated utilities that own and/or operate infrastructure in the Sacramento-San Joaquin Delta prepare coordinated emergency response plans to protect the infrastructure from long-term outages resulting from failures of the Sacramento-San Joaquin Delta levees by January 1, 2014.	1/1/2014

Status	Chapter	Policy or Recommendation	Description	Due Date
Active	7	RR R02-01	The California Legislature creates a Delta Flood Risk Management Assessment District with fee assessment authority.	None
Active	7	RR R04-01	The Delta Stewardship Council develops funding priorities for State investments in Sacramento-San Joaquin Delta levees by January 1, 2015.	1/1/2015
Active	7	RR R05-01	The California Department of Water Resources and the Central Valley Flood Protection Board evaluate a bypass and floodways on the San Joaquin River near Paradise Cut.	None
Active	7	RR R06-01	Current efforts to maintain navigable waters in the Sacramento River Deep Water Ship Channel and Stockton Deep Water Ship Channel, led by the U.S. Army Corps of Engineers and described in the Delta Dredged Sediment Long-Term Management Strategy (Appendix K), are continued in a manner that supports the Delta Plan and the coequal goals. Appropriate dredging throughout other areas in the Sacramento-San Joaquin Delta for maintenance purposes, or that would increase flood conveyance and provide potential material for levee maintenance or subsidence reversal is implemented in a manner that supports the Delta Plan and coequal goals.	None
Active	8	FP R01-01	An inventory of current State and federal spending on programs and projects that contribute to the coequal goals is conducted.	None
<b>Inactive (24)</b>				
Inactive	2	None	A minimum of every 5 years (beginning 5 years after adoption of the Delta Plan), the Delta Plan is reviewed by the Delta Stewardship Council and revised if deemed appropriate.	12/31/2018

Status	Chapter	Policy or Recommendation	Description	Due Date
Inactive	2	None	Governance structure is reviewed and revised (if necessary) to ensure that there is adequate institutional capacity to interact, learn, and adapt in a manner that supports adaptive management.	None
Inactive	3	WR R02-01	California Department of Water Resources adopts and implements a requirement for State Water Project contracts and transfer agreements that requires implementation of State water efficiency, water management laws, goals, and regulations, including compliance with Water Code section 85021.	None
Inactive	3	WR R04-01	Identify percentage of urban and agricultural water suppliers that receive water from the Delta watershed that have incorporated an expanded Water Supply Reliability Element in their urban water management plan and agricultural water management plan by December 31, 2015.	12/31/2015
Inactive	3	WR R06-01	California Department of Water Resources and the State Water Resources Control Board have established an advisory group and identified impediments to achievement of statewide water conservation, recycled water, and storm water goals by 2014, and have evaluated and recommended update goals by 2018, including an assessment of how regions are achieving their proportional share of these goals.	12/31/2014,
Inactive	3	WR R07-01	State grant and loan ranking criteria have been revised by December 31, 2013.	12/31/2013
Inactive	3	WR R08-01	State agencies report to Delta Stewardship Council annually on their actions to demonstrate State leadership, to increase water efficiency, use recycled water, and incorporate storm water runoff capture and low-impact development strategies.	None

Status	Chapter	Policy or Recommendation	Description	Due Date
Inactive	3	WR R17-01	California Department of Water Resources has completed the development and initiated implementation of an integrated statewide system for water use reporting in coordination with other State agencies by 2014.	12/31/2014
Inactive	4	ER R02-03	100 percent of proponents of habitat restoration projects consult the California Department of Public Health's Best Management Practices for Mosquito Control in California.	Ongoing
Inactive	4	ER R03-03	The Sacramento-San Joaquin Delta Conservancy develops and adopts a formal mutual agreement with the California Department of Water Resources, California Department of Fish and Wildlife, federal interests, and other State and local agencies on implementation of ecosystem restoration in the Sacramento-San Joaquin Delta and Suisun Marsh.	None
Inactive	4	ER R05-01	The San Francisco Bay Conservation and Development Commission updates the Suisun Marsh Protection Plan to address adaptation to sea level rise and ensure consistency with the Suisun Marsh Preservation Act, the Sacramento-San Joaquin Delta Reform Act of 2009 and the Delta Plan.	None
Inactive	4	ER R05-02	The San Francisco Bay Conservation and Development Commission submits amendments of the Suisun Marsh Protection Plan to the Delta Stewardship Council for review for consistency.	None
Inactive	4	ER R05-04	The San Francisco Bay Conservation and Development Commission adopts the updated Suisun Marsh Protection Plan and the Suisun Marsh Local Protection Program.	None

Status	Chapter	Policy or Recommendation	Description	Due Date
Inactive	5	DP R02-01	The California Department of Transportation prepares a scenic byway plan and pursues National Scenic Byway status for Route 160 by January 1, 2014.	1/1/2014
Inactive	5	DP R13-01	Dedicated funding sources are identified to add and improve recreation facilities in the Sacramento-San Joaquin Delta.	None
Inactive	7	RR R03-01-01	The California Public Utility Commission holds hearings on the topic of imposing a reasonable fee for flood and disaster prevention on regulated privately owned utilities with facilities located in the Sacramento-San Joaquin Delta.	None
Inactive	7	RR R03-01-02	The California Public Utility Commission directs all regulated public utilities in the California Public Utility Commission's jurisdiction to immediately take steps to protect the public utilities' facilities in the Sacramento-San Joaquin Delta from the consequences of catastrophic failure of levees in the Sacramento-San Joaquin Delta.	None
Inactive	7	RR R03-02	The Governor issues an Executive Order directing State agencies with projects or infrastructure in the Sacramento-San Joaquin Delta to set aside funding to pay for flood protection and disaster prevention.	None
Inactive	7	RR R07-01	The Central Valley Flood Protection Board evaluates whether additional areas both within and upstream of the Sacramento-San Joaquin Delta should be designated as floodways.	None

Status	Chapter	Policy or Recommendation	Description	Due Date
Inactive	7	RR R08-01	California Department of Water Resources develops criteria to define locations for future setback levees in the Sacramento-San Joaquin Delta and Sacramento-San Joaquin Delta watershed.	None
Inactive	7	RR R09-01	The California Legislature requires an adequate level of flood insurance for residences, businesses, and industries in flood prone areas.	None
Inactive	7	RR R10-01	The California Legislature considers making changes to State law and/or constitutional changes that address the State's potential flood liability, including giving State agencies the same level of immunity with regard to flood liability as federal agencies have under federal law.	None
Inactive	8	FP R02-01	A Delta Finance Plan has been developed and is funded.	None
Inactive	8	FP R03-01	State and federal funding gaps have been identified that are determined to hinder progress toward meeting the coequal goals.	None
