Subject: Comments on performance measures

The focus of my comments is on targets, which I would expect to include how many or %, and a date. Ref # 3.26 is a good example. Several of the targets seem vague, though, specifically:

3.28
3.34
3.33
5.32
5.33
5.30
6.28
6.25
6.26
6.27
7.21
7.22
7.26

For example, "decreasing trend" and "decreasing rate" without specific percentages and dates would allow minimal improvement.

Sincerely,

Joanne Vinton
