

*The Delta Science Program, the Ecosystem Restoration Program, and the Surface Water Ambient Monitoring Program
Jointly Present a Lunchtime Seminar Series.*

Brown Bag Series: *The State of Bay-Delta Science 2016*

The State of Bay-Delta Science (SBDS) 2016 is a collection of papers that summarizes the current scientific understanding of the Sacramento-San Joaquin Delta. The papers will be published in the July, September/October, and December 2016 issues of the [San Francisco Estuary & Watershed Science](#) free online journal.

These Brown Bag seminars will host several *SBDS* authors who will discuss recent progress and emerging science in their respective fields. All are welcome to attend and join in the discussion.

Seminar 1: Assessing Extinction in Fishes: Preparing for the Extinction of Delta Smelt

Peter Moyle and **Jason Baumsteiger**, UC Davis
Thursday, August 4 – Noon to 1

Seminar 2: Deconstructing the current California drought

Mike Dettinger, US Geological Survey
Wednesday, September 7 – Noon to 1

Seminar 3: Delta Nutrients: Sources, Sinks, Sags, Soups, and Sensors

Cliff Dahm, Delta Stewardship Council
Wednesday, October 5 – Noon to 1

Seminar 4: The Delta as Changing Landscapes

Letitia Grenier, San Francisco Estuary Institute
Tuesday, October 25 – Noon to 1

All seminars will be at: 980 Ninth St., 2nd Floor Conference Room, Sacramento, CA
