Subject: Local Maintenance Organizations

To Whom It Concerns:

I am an elected trustee for an LMA (RD2064). Could you please provide references for how LMA's fit into the current Delta Plan ?

It is my contention that LMA's should be an integral part of the plan, and any implementation of actions required by the plan, that impacts LMA's. Could you please refer me to specific language in the plan that references LMA's ?
