Response to comment I186-1

The review period for the Draft PEIR began on November 4, 2011, and was extended to 90 days ending on February 2, 2012. CEQA Guidelines, Section 15105 requires that review periods for draft EIRs should not be less than 30 days. The November 2012 Final Draft Delta Plan, which is the Revised Project, was analyzed in the Recirculated Draft Program EIR (Volume 3 of the Draft Program EIR) which was circulated for public review and comment from November 30, 2012 through January 14, 2013.
