-Meeting Notice-

Delta Science Program Workshop:

Delta Interior Flows and Related Stressors

April 16, 2014 – 9:00 a.m. – 4:30 p.m.

April 17, 2014 – 9:00 a.m. – 4:30 p.m.

980 Ninth St
2nd Floor Conference Center
Sacramento, CA 95814

Webcast URL: <http://dsc.videoss.com>

PURPOSE

An Independent Workshop Panel will convene to identify the best available science to inform the State Water Resources Control Board's (State Water Board) decisions regarding requirements for flows within the Delta included in the Water Quality Control Plan for the San Francisco Bay/Sacramento-San Joaquin Delta Estuary (Bay-Delta Plan). This meeting will inform the panel's preparation of a report that presents their findings and recommendations in response to their charge.

AGENDA

Order of agenda and listed times are approximate and subject to change.

Both Days: April 16 & 17, 2014 – (9:00 a.m. – 4:30 p.m.)

- **Introduction by the Delta Science Program**
- **Technical Presentations and Panel Discussion**
- **Public Comment** 4:00 – 4:30 p.m.
(*Public comment will be limited to 3 minutes per speaker.*)

- A detailed agenda including speakers, topics and approximate times will be posted on the Delta Science Program website along with other workshop materials. A limited number of copies of these materials will be available at the meeting.
- If you have any questions, please contact Sam Harader at (916) 445-0092 or sharader@deltacouncil.ca.gov.
- A quorum of Members of the State Water Resources Control Board may be present at any time during the workshop.

"Coequal goals" means the two goals of providing a more reliable water supply for California and protecting, restoring, and enhancing the Delta ecosystem. The coequal goals shall be achieved in a manner that protects and enhances the unique cultural, recreational, natural resource, and agricultural values of the Delta as an evolving place."

– CA Water Code §85054
