### **Delta Independent Science Board – (Delta ISB)**

Chair Norgaard will brief the Council on the Delta ISB's review of the first staff draft of the Delta Plan, accomplished during two meetings in March. During the March 3-4 meeting, the Delta ISB discussed the first draft of the Delta Plan and began preparing its comments to the Delta Stewardship Council. The draft comments were posted on the Delta ISB website on March 10, finalized at a March 16 teleconference, and subsequently posted to the website on March 23. The comments are organized into three basic categories: the broad scientific concerns of the Delta ISB, general guidance applicable to the whole Delta Plan, and specific suggestions for improvements in coming drafts.

The Delta ISB meeting notices and materials are posted online at:
