Hi Kia,

I received a phone call regarding the following comment

Caller: Ken Nolen, 16 Hossman Lane, Brentwood CA 94513, (925) 634-3401

Date and Time of call: 1/14/2013, 12:07pm

Comment:

"I am against the tunnel the Governor is proposing. The Delta needs water for the farmers." "The Governor should look into financing more reservoirs in Southern California to increase storage in that part of the state."

Thanks

Cindy
