## MEMORANDUM

Date: October 20, 2022

To: Delta Stewardship Councilmembers

From: Jessica R. Pearson, Executive Officer

Subject: Upcoming Council Meeting – October 27, 2022

---

Part of this month's meeting builds on the Council's Administrative Procedures Governing Appeals ("Appeals Procedures") workshop from the September meeting. Council staff has revised the draft of proposed amendments to Appeals Procedures discussed at the workshop in consideration of public and Council comments received. Staff will be presenting the revised version of the proposed amendments to the Appeals Procedures for possible adoption by the Council.

In addition, we will also hear from California Resources Secretary Wade Crowfoot regarding the Governor's recent Water Supply Strategy, and from a handful of California water suppliers regarding their ongoing efforts to reduce reliance on the Delta through improved regional self-reliance. The presentations will address water planning activities, operations and management, and new and ongoing projects designed to improve local and regional water supplies.

Finally, we will hear from Dr. Laurel Larsen regarding a request for the Council to consider reappointing Dr. Thomas Holzer to the Delta Independent Science Board. His first term is coming to an end in January 2023.
