MEMORANDUM

Date: August 17, 2023

To: Delta Stewardship Councilmembers

From: Jessica R. Pearson, Executive Officer

Subject: Upcoming Council Meeting- August 24, 2023

This month we are back in the CNRA building. Thank you to everyone who joined us in Isleton last month. We are excited to welcome back the California Department of Water Resources staff to have a follow-up conversation about the Developing Environmental Literacy, Taking Action (DELTA) education program. Additionally, this month, the Council will hear a presentation on flood emergency response and recovery during the 2022/2023 high water events.

Finally, this month the Council will hear a presentation from the East Contra Costa County Habitat Conservancy, the California Department of Fish and Wildlife, and Council Staff on the Knightsen Wetland Restoration and Flood Protection Project, a multi-objective effort to reduce flooding in the unincorporated Contra Costa County community of Knightsen, restore wetland and upland habitats for native and special status species, provide water quality benefits, and provide recreation and Delta access.

If I can answer any questions or provide any other information in advance of the meeting, please contact me at (916) 445-4500 or jessica.pearson@deltacouncil.ca.gov.
