

**Delta Stewardship Council Active Projects List**

*June 17, 2024*

The tables below highlight a sample of active projects for Council member review. Active projects include both potential covered actions and related plans and projects. An explanation of Column 4, Status, is provided on page 8.

**Changes since** May 2024 are denoted with an asterisk (\*). Two new projects were added, one project was removed this month.

***State Projects***

<b>Name</b>	<b>Location (County)</b>	<b>Proponent</b>	<b>Status</b>	<b>California Environmental Quality Act (CEQA) Status</b>	<b>Description</b>
Delta Conveyance	Delta-wide	Department of Water Resources (DWR)	Early Consultation	Final Environmental Impact Report (FEIR)	A facility to convey water from the Sacramento River in the north Delta directly to the existing State Water Project (SWP) and Central Valley Project (CVP) pumping plants in the south Delta.
Little Egbert Multi-Benefit Project	Solano County	DWR	Comment Letter 8.2.23	DEIR being prepared by DWR 4.24.24	Transition of land from agricultural to tidal wetlands, subtidal and riparian habitat located at the south end of the Yolo Bypass. DEIR expected summer 2024.
Franks Tract Futures 2020 Reimagined	Contra Costa	California Department of Fish and Wildlife (CDFW)	Comment Letter 09.20	Not Initiated	Explore options for improving ecosystem, water quality, recreation, and community benefits at Franks Tract.

**Delta Stewardship Council Active Projects List**

**Agenda Item: 6  
Council Meeting Date: June 27, 2024**

Name	Location (County)	Proponent	Status	California Environmental Quality Act (CEQA) Status	Description

**Delta Stewardship Council Active Projects List**

**Agenda Item: 6**  
**Council Meeting Date: June 27, 2024**

<b>Name</b>	<b>Location (County)</b>	<b>Proponent</b>	<b>Status</b>	<b>CEQA Status</b>	<b>Description</b>
Bay Delta Water Quality Control Plan	San Francisco Bay, Sacramento to San Joaquin Delta	State Water Resources Control Board	Comment Letter 1.19.24	NOP	The proposed project is adoption of regulations pursuant to the rulemaking procedures of the Administrative Procedure Act (Gov. Code, § 11340 et seq.) to allocate responsibility to water rights holders and claimants for implementing the Bay-Delta Plan Lower San Joaquin River flow and southern Delta salinity components of the 2018 Bay-Delta Plan.
Goat Island on Rush Ranch	Solano County	San Francisco Bay Restoration Authority	Tier from the 2015 MND Monitoring	Suisun Marsh PEIR, 2015 MND	Phase II presentation scheduled for Suisun AMAT in August 2024. AMAT site visit 5.14.24
Plan Bay Area 2050+	Bay Area (9 counties)	MTC/ABAG (Metro Transportation Commission/Association of Bay Area Governments)	Draft of the plan 2050+ is completed as of 1.24	Not initiated.	Limited update to the 2050 plan, verifying growth and economic assumptions due to Covid. Extensive public outreach being done. Coordination effort, not within the Legal Delta.

**Status Types**

Active projects include both potential covered actions and related plans and projects of interest. The active project “Status” reported above is not sequential but tends to align with certain phases of the CEQA process. The relationship between generalized steps in the CEQA process (top row) and generalized status types (bottom row) is illustrated in **Figure 1**. Each status type is described in more detail, below.

**Figure 1. Typical Project Sequence**

**Coordinating:** Occasionally, the Council will coordinate with state and local agencies prior to the initiation of the CEQA process in order to track and/or inform project formulation. Coordination may include informal discussions or attendance at project planning meetings.

**Comment letter:** Council staff prepare comment letters in response to each phase of the CEQA process leading up to a final document (e.g., Notice of Preparation [NOP], IS/ND, IS/MND, DEIR). The Council may also comment on other interim studies and reports, as needed. The Council comments on potential covered actions as well as on long range plans identified in the Delta Reform Act (Wat. Code section 85212) and projects located outside of the Delta that will have a significant impact on the Delta (Wat. Code section 85210[jj]).

**Early consultation:** The Delta Reform Act directs the Council to offer early consultation to assist state and local public agencies in preparing certifications of consistency (Wat. Code section 85225.5). The timing and frequency of early consultation is at the discretion of the project proponent.

**Anticipating certification:** Council staff anticipate a certification of consistency once a notice of determination (NOD) has been issued. Proponents of covered actions must file a certification of consistency prior to project implementation (Wat. Code section 85225). The timeframe between NOD and implementation varies.
