

Active Projects List

The tables below highlight a sample of active projects for Council member review. Active projects include both potential covered actions and related plans and projects. An explanation of Column 4, Status, is provided on the final page.

Changes since April 2025 are denoted with an asterisk (*) and in italics. No projects were added; two projects were removed.

State Projects

State Project Name	Location (County)	Lead Agency	Status	California Environmental Quality Act (CEQA) Status	Description
Delta Conveyance	Delta-wide	Department of Water Resources (DWR)	Early Consultation	Final Environmental Impact Report (FEIR)	A facility to convey water from the Sacramento River in the north Delta directly to the existing State Water Project (SWP) and Central Valley Project (CVP) pumping plants in the south Delta.

State Project Name	Location (County)	Lead Agency	Status	California Environmental Quality Act (CEQA) Status	Description
Little Egbert Multi-Benefit Project	Solano County	DWR	Comment Letter 8.2.23	Notice of Preparation (NOP) for DEIR	Transition of land from agricultural to tidal wetlands, subtidal and riparian habitat located at the south end of the Yolo Bypass.
*Long Term West False River Drought Salinity Barrier Project	Contra Costa County	DWR	Certification of Consistency filed 4.28.25 <i>Project not appealed.</i>	FEIR	Temporary drought salinity barrier would be installed in West False River up to two times between 2023 and 2032 if drought conditions occur.
Sherman Island Wetland Restoration Project Phase III (Whale's Nose)	Sacramento County	DWR/Reclamation District (RD) 341	CDFW consultation	Statutory Exemption for Restoration Projects (SERP) Pre-Concurrence Consultation	Restore and enhance up to 1,369 acres of palustrine emergent wetlands.

Regional Projects

Regional Project Name	Location (County)	Lead Agency	Status	CEQA Status	Description
*Yolo Bypass Cache Slough Partnership	Solano, Yolo	Central Valley Flood Protection Board (CVFPB)	Early consultation; Draft Master Plan comment letter sent 05.15.2025	<i>Not initiated.</i>	Multi-partner initiative for programmatic activities in Yolo Bypass and Cache Slough. Draft PEIR anticipated Spring 2025. Draft Master Plan out for Public Review.
Sacramento Regional Water Bank	Sutter, Placer and Sacramento Counties	Regional Water Authority (RWA)	Comment letter sent 10.19.23	NOP	Regional water bank to coordinate and expend conjunctive use practices of RWA members.
*Banta Carbona Floodplain Project	San Joaquin County	Banta Carbona Irrigation District (BCID)	Early consultation meeting 4.8.24	<i>NOD</i>	Using Statewide Restoration General Order through the Water Board. Determining process to certify. Anticipated start of construction 2026.
Cache Slough Mitigation Bank Project	Solano County	Solano County	Early consultation; Comment letter sent 2.27.25	Draft IS/MND	A private mitigation bank that would include a low water crossing and would restore over 300 acres of tidal freshwater wetland and floodplain-associated vegetation communities.

Regional Project Name	Location (County)	Lead Agency	Status	CEQA Status	Description
*SACOG 2025 MTP/SCS	Sacramento County	Sacramento Area Council of Governments	Monitoring		Draft plan and draft EIR <i>released June 6, 2025. Presenting to the Council at July Council Meeting.</i>

Local Projects

Local Project Name	Location (County)	Proponent	Status	CEQA Status	Description
Webb Tract Wetland Mosaic Landscape Project	Contra Costa County	Metropolitan Water District of Southern California (Metropolitan)	Monitoring	Statutory Exemption for Restoration Projects (SERP) Pre-Concurrence Consultation	MWD would design and construct up to 3,500 acres of managed, flooded wetlands and up to 1,500 acres of rice fields at Webb Tract.
Georgiana Slough Erosion Control and Habitat Enhancement Project	Sacramento County	Brannan-Andrus Levee Maintenance District	Comment letter sent 07.17.24	Draft IS/MND	The project intends to resolve upper slope erosion problems and a major lower slope undercutting issue. Final MND anticipated winter 2025.

Local Project Name	Location (County)	Proponent	Status	CEQA Status	Description
*Contra Costa County 2045 General Plan and Climate Action Plan Update	Contra Costa County	Contra Costa County	<i>Certification of Consistency filed 05.28.2025.</i>	FEIR	The County is updating its General Plan and Climate Action Plan.
Paradise Cut Expansion & South Delta Restoration Project	San Joaquin County	San Joaquin Area Flood Control Agency	Feasibility Study to be completed in 2025	Not initiated	The Project seeks to decrease peak flows during potential flood events and improve and enhance habitat.
Mokelumne Aqueducts Resiliency Project	San Joaquin, Contra Costa County	East Bay Municipal Utilities District	Comment Letter 04.28.2022	NOP	Replace a portion of the existing Mokelumne Aqueducts with a buried Aqueduct Tunnel of approximately 16.5 miles in length.
Tide's End Multi-Benefit Restoration Project	Yolo County	DWR	Comment letter sent 08.23.2024.	NOP	Proposing to restore tidal marsh and associated flood plain habitat. Using Statewide Restoration General Order (SRGO).

Local Project Name	Location (County)	Proponent	Status	CEQA Status	Description
*Delta Meadows Park Classification and General Plan Project	Sacramento County	California Department of Parks and Recreation (State Parks)	Comment letter sent 02.10.2025.	NOP	Classifying and developing a comprehensive general plan to address critical resource management and infrastructure needs. <i>DPEIR anticipated Winter 2026.</i>
Giant Garter Snake Mitigation Bank	Contra Costa County	Ironhouse Sanitary District (ISD)	Comment letter sent 11.06.24	NOI	Proposing to provide approximately 200 acres of habitat for giant garter snake to protect existing population and greatly enhance its size.
*Goat Island on Rush Ranch	Solano County	San Francisco Bay Restoration Authority	IS/MND	Suisun Marsh PEIR, 2015 MND	Phase II presentation scheduled for Suisun AMAT in August 2025. <i>Certification of Consistency anticipated Summer 2025.</i>
Hoover Ranch Conservation Project	Contra Costa County	Wildlife Conservation Board	Monitoring	Land acquisition	Located on Bethel Island in Contra Costa County. Land acquisition for potential conservation project.

Local Project Name	Location (County)	Proponent	Status	CEQA Status	Description
South Delta Gates Project	San Joaquin	DWR	Monitoring	Not initiated	The California Department of Water Resources (DWR) is considering installing permanent operable gates, known as the South Delta Gates (SDG), to replace the current agricultural barriers (Temporary Barriers Project) in the south Delta. Throughout this process, DWR will be engaging interested parties to gather input and feedback regarding the potential project's development.

Other Projects

Project Name	Location (County)	Proponent	Status	CEQA Status	Description
Delta Conveyance	Delta-wide	U.S. Army Corps of Engineers (USACE)	Comment Letter	Draft Environmental Impact Study (EIS)	A facility to convey water from the Sacramento River in the north Delta directly to the existing SWP and CVP pumping plants in the south Delta. The scope is limited to construction activities, structures, and modifications to federal levees and navigation projects.
Delta Cross Channel Gate Upgrades Project	Sacramento	U.S. Bureau of Reclamation (Reclamation)	Monitoring	Not initiated	Provide for remote and more frequent operation, to manage water quality in the Central Delta and at the SWP and CVP pumping plants. Environmental documents expected 2025 and construction anticipated 2026.

Project Name	Location (County)	Proponent	Status	CEQA Status	Description
Long Term Operations of the Central Valley Water Project	Delta-wide	Bureau of Reclamation	Monitoring	EIS (NEPA)	Federal facilities for transporting water from the Sacramento River to the San Joaquin Valley and to farmland in the Delta.
*Bay Delta Water Quality Control Plan	San Francisco Bay, Sacramento to San Joaquin Delta	State Water Resources Control Board	Comment Letter 1.19.24. Staff currently reviewing the October 2024 updated draft and attending upcoming SWRCB workshops. <i>Comment letter sent 01.10.2025.</i>	NOP	The proposed project is adoption of regulations pursuant to the rulemaking procedures of the Administrative Procedure Act (Gov. Code, § 11340 et seq.) to allocate responsibility to water rights holders and claimants for implementing the Bay-Delta Plan Lower San Joaquin River flow and southern Delta salinity components of the 2018 Bay-Delta Plan.

Project Name	Location (County)	Proponent	Status	CEQA Status	Description
Plan Bay Area 2050+	Bay Area (9 counties)	MTC/ABAG (Metro Transportation Commission/Association of Bay Area Governments)	Comment letter sent 2.14.25	NOP	Limited update to the Plan Bay Area 2050+, verifying growth and economic assumptions due to Covid. Draft Blueprint Performance and Equity Outcomes published June 2024. Final blueprint considered for approval in spring 2025.
Yolo Bypass Comprehensive/ Feasibility Study		USACE	Monitoring		Feasibility study with USACE and SJAFCA. Comprehensive study is imbedded within. This study has nationwide significance.
*SJCOG 2026 RTP/SCS	San Joaquin	San Joaquin Council of Governments	Comment letter <i>sent 5.19.2025.</i>	NOP	Update to the region's goals and policies for meeting current and future mobility needs and identify programs, actions, and a revised plan of projects intended to address these needs consistent with adopted goals and policies.

Status Types

Active projects include both potential covered actions and related plans and projects of interest. The active project “Status” reported above is not sequential but tends to align with certain phases of the CEQA process. The relationship between generalized steps in the CEQA process (top row) and generalized status types (bottom row) is illustrated in **Figure 1**. Each status type is described in more detail, below.

Figure 1. Typical Project Sequence

Coordinating: Occasionally, the Council will coordinate with state and local agencies prior to the initiation of the CEQA process in order to track and/or inform project formulation. Coordination may include informal discussions or attendance at project planning meetings.

Comment letter: Council staff prepare comment letters in response to each phase of the CEQA process leading up to a final document (e.g., Notice of Preparation [NOP], Initial Statement [IS], Negative Declaration [ND], Mitigated Negative Declaration [MND], Draft Environmental Impact Report [DEIR]). The Council may also comment on other interim studies and reports, as needed. The Council comments on potential covered actions as well as on long range plans identified in the Delta Reform Act (Wat. Code section 85212) and projects located outside of the Delta that will have a significant impact on the Delta (Wat. Code section 85210[j]).

Early consultation: The Delta Reform Act directs the Council to offer early consultation to assist state and local public agencies in preparing certifications of consistency (Wat. Code section 85225.5). The timing and frequency of early consultation is at the discretion of the project proponent.

Anticipating certification: Council staff anticipate a certification of consistency once a notice of determination (NOD) has been issued. Proponents of covered actions must file a certification of consistency prior to project implementation (Wat. Code section 85225). The timeframe between NOD and implementation varies.
