

May 2024

Agenda Item: 8b  
Meeting Date: May 23, 2024

# Legislative Update

**Delta  
Stewardship  
Council**

A CALIFORNIA STATE AGENCY

# AB 2614 (Ramos) Water Policy: California Tribal Communities.

**AB 2614 (Ramos D ) Water policy: California tribal communities.** +  

**Current Text:** Amended: 3/21/2024 PDF HTML

**Last Amend:** 3/21/2024

**Status:** 5/16/2024-Failed Deadline pursuant to Rule 61(b)(8). (Last location was APPR. SUSPENSE FILE on 5/15/2024)

**Location:** 5/16/2024-A. DEAD

**Brief Summary:** The Porter-Cologne Water Quality Control Act establishes a statewide program for the control of the quality of all the waters in the state and makes certain legislative findings and declarations. Existing law defines the term “beneficial uses” for the purposes of water quality as certain waters of the state that may be protected against quality degradation, to include, among others, domestic, municipal, agricultural, and industrial supplies. This bill would add findings and declarations related to California tribal communities and the importance of protecting tribal water use, as those terms are defined. The bill would add tribal water uses as waters of the state that may be protected against quality degradation for purposes of the defined term “beneficial uses.”

## Calendar:

**Current Analysis:** 5/14/2024 Assembly Appropriations (text 3/21/2024)

# SB 586 (Eggman) Flood Management: Sacramento-San Joaquin Valley.

**SB 586 (Eggman D ) Flood management: Sacramento-San Joaquin Valley.** + 👤 🔔

**Current Text:** Chaptered: 4/30/2024 PDF HTML

**Last Amend:** 4/4/2024

**Status:** 4/30/2024-Approved by the Governor. Chaptered by Secretary of State. Chapter 10, Statutes of 2024.

**Location:** 4/30/2024-S. CHAPTERED

**Brief Summary:** Current law provides that unless a city or county within the Sacramento-San Joaquin Valley makes certain findings after the effective date of specified amendments to its general plan and zoning ordinance, the Planning and Zoning Law prohibits a city or county from entering into a development agreement for property located in a flood hazard zone; approving a discretionary permit, ministerial permit, or other discretionary entitlement for a project that is located within a flood hazard zone, as specified; or approving a tentative map, or a parcel map for which a tentative map was not required, for a subdivision that is located within a flood hazard zone. Those findings include, among others, that the local flood management agency has made adequate progress on the construction of a flood protection system that will result in flood protection equal to or greater than the urban level of flood protection in urban or urbanizing areas. Current law further requires urban and urbanizing areas protected by any levee that is part of the facilities of the State Plan of Flood Control to achieve the urban level of flood protection by 2025, with a specified exception to the deadline for the Mossdale Tract to achieve the urban level of flood protection by 2028 and for the City of West Sacramento to achieve the urban level of flood protection by 2030. Current law authorizes the Department of Water Resources to require the San Joaquin Area Flood Control Agency and the West Sacramento Area Flood Control Agency to contribute its fair and reasonable share of any property damage caused by a flood to the extent that the state's exposure to liability for property damage has been increased by cities or counties unreasonably approving any new development in the Mossdale Tract between the years 2025 and 2028 and the City of West Sacramento between the years 2025 and 2030, respectively. This bill would extend the specified exception to the deadline for the Mossdale Tract and the City of West Sacramento to achieve the urban level of flood protection to 2040.

**Calendar:**

**Current Analysis:** 4/12/2024 Senate Floor Analyses (text 4/4/2024)

# SB 1139 (Ashby) Flood Protection: City of Sacramento: Sacramento Area Flood Control Agency.

**SB 1139 (Ashby D ) Flood protection: City of Sacramento: Sacramento Area Flood Control Agency.** + 👤 🔔

**Current Text:** Amended: 4/10/2024 PDF HTML

**Last Amend:** 4/10/2024

**Status:** 5/2/2024-Failed Deadline pursuant to Rule 61(b)(6). (Last location was L. GOV. on 4/9/2024)

**Location:** 5/2/2024-S. DEAD

**Brief Summary:** Unless a city or county within the Sacramento-San Joaquin Valley makes certain findings after the effective date of specified amendments to its general plan, the Planning and Zoning Law prohibits a city or county from entering into a development agreement for property located in a flood hazard zone; approving a discretionary permit, ministerial permit, or other discretionary entitlement for a project that is located within a flood hazard zone, as specified; or approving a tentative map, or a parcel map for which a tentative map was not required, for a subdivision that is located within a flood hazard zone. Those findings include, among others, that the local flood management agency has made adequate progress on the construction of a flood protection system that will result in flood protection equal to or greater than the urban level of flood protection in urban or urbanizing areas. Existing law further requires urban and urbanizing areas protected by any levee that is part of the facilities of the State Plan of Flood Control to achieve the urban level of flood protection by 2025. Current law extends that deadline to 2030 for the City of West Sacramento. This bill would extend that deadline for achieving the urban level of flood protection for the City of Sacramento to 2030. The bill would also make a related change regarding the potential liability of the Sacramento Area Flood Control Agency for property damage caused by a flood during that extended time period.

## Calendar:

**Current Analysis:** 4/4/2024 Senate Natural Resources And Water (text 2/14/2024)

# 2024 May Revise
